Golf Course Descriptions

Blue Monster

BLACK	GOLD	BLUE	WHITE	RED
77.4 / 146	75.0 / 140	73.5 / 139	71.7 / 139	72.9 / 138
7590 (6940 m)	7034 (6431 m)	6694 (6124 m)	6334 (5791 m)	5463 (4995 m)

With legendary architect Gil Hanse at the helm, the historic Blue Monster Course has undergone a complete redesign and has become a new golf course thus reaffirming its reputation as one of the most challenging and spectacular golf courses in existence. The 7,510 yard course features a series of strategically placed deep bunkers, long flowing fairways, interesting undulating greens, deep Bermuda rough and a challenging assortment of water hazards – all of which combine for a course that requires both length and finesse to score well. The famous 18th hole is traditionally ranked as one of the most difficult on the PGA Tour. It is no surprise that virtually every great name in golf has had a moment of glorious personal triumph on this world-class course.

Golden Palm

BLACK	GOLD	BLUE	WHITE	RED
74.2 / 139	72.0 / 134	69.9 / 133	68.6 / 128	70.2 / 132
7012 (6411 m)	6324 (5782 m)	6002 (5488 m)	5653 (5169 m)	4858 (4442 m)

The Golden Palm, appropriately named after the predominate tree found throughout the golf course, will offer yet another unique and challenging golf experience at Trump National Doral. It was resurrected by Gil Hanse's team with similar design elements as the famous Blue Monster. The Gold's heavily contoured green, firm and fast, will require a smooth putting stroke and soft touch. However, this true links style course with wide-open vistas will be home to unique-style bunkers with tight cut, clean-edges running along sprawling fairway lines. The design, quality and attention to detail creates a different golfing contest for all skill levels and makes the new Golden Palm a true, championship. course.

Red Tiger

BLACK	GOLD	BLUE	WHITE	RED
71.0 / 136	69.6 / 132	68.6 / 127	66.2 / 120	67.9 / 123
6395 (5847 m)	5918 (5411 m)	5660 (5175 m)	5229 (4781 m)	4525 (4137 m)

The spectacular Red Tiger golf course, given its name by the late, great Jackie Gleason, just may have undergone the most dramatic change of any of the course renovations at Trump National Doral. Due to the talents of the Gil Hanse design team, the Red is an exciting challenge for the average golfer but also a surprising test for the more expert player. Set on just 120 acres, its primary design resembles a New England style course but the different varieties of palm trees throughout gives it its distinctive South Florida personality. While the goal of every tee shot should be to take advantage of the gently contoured fairways, the undulation of the small scaled greens require s accurate shotmaking.

Silver Fox

BLACK	GOLD	BLUE	WHITE	RED
74.9 / 148	72.6 / 143	69.8 / 135	67.6 / 128	67.8 / 121
7006 (6407 m)	6398 (5850 m)	5861 (5359 m)	5462 (4994 m)	4478 (4094 m)

The sensational Silver Fox course at Trump National Doral is one of the most demanding tests of golf in the country. Water comes into play on 16 of 18 holes, and it's striking, marble-white sand bunkers dictate that only well-struck drives and approaches are rewarded. Draped in a wall-to-wall carpet of Celebration Bermuda grass, the course is both beautiful to look at and visually intimidating. The narrow landing areas require a demanding game off the tee, yet the greens are true, fast and accessible, so for the golfer who is playing well, a good score is within reason.
